# Naylor Specialist Plastics Low Pressure Pipes/Ducts

Standard & Bespoke Solutions for Low Pressure, Irrigation, Pump Tubes and Smooth Bore Ducts

## Low Pressure, Dewatering & Irrigation Tubes

Low pressure pipes and irrigation tubes can be manufactured from medium, low, and high density, virgin or reprocessed polyethylene up to 250mm OD to industry standard dimensional specifications such as SDR11, SDR17.6 and SDR26. Other specific wall thickness' can be achieved as required. These tubes can be supplied in coils up to 110mm OD. Larger sizes can be supplied in straight lengths up to 12m. Dewatering tubes can be supplied to your exact dimensional specification.

Minimum Order Quantities may apply

## Smooth Bore Ducts, Coils & Lengths

Smooth bore ducts can be manufactured from virgin or reprocessed medium density or high density polyethylene up to 250mm OD to industry standard dimensional specifications such as SDR11, SDR17.6 and SDR26. Other specific wall thickness' can be achieved as required. These tubes can be supplied in coils up to 110mm OD. Larger sizes can be supplied in straight lengths up to 12m. Smooth bore ducts can be supplied in any colour required and printed with marking as specified. Ducts can be supplied with push fit couplings if required.

Minimum Order Quantities may apply

## LDPE Pump Tubes Plain Ended

Pump tubes can be supplied in 2" 3" 4" 6" and 8" from virgin or reprocessed low density polyethylene in the required length up to 12m. These are supplied to the industry plain ended, suitable for the fitting of connection components. Generally these are supplied in black

Minimum Order Quantities may apply

## General Purpose Ducting

GP Ducting is manufactured as standard from Polyethylene in 6m lengths with a push fit coupling. Standard sizes are 54mm 89mm 110mm 114mm 160mm 168mm 200mm and 250mm. Sold in pack quantities

Minimum Order Quantities may apply

## Bespoke Coil Sizes and Lengths

Lengths and coils can be made to your exact requirements with regards to OD, ID, colour and length. Such as 150m lengths of orange sub ducts or 350m lengths of black ducts for Fibre Optics.
